At This Free Seminar, You'll Find Out How Dental Implants Can...

- ✓ Replace bad, missing or broken teeth.
- ✓ Eliminate the need for unsightly removable or partial dentures.
- ✓ Give you more comfort & confidence when eating — knowing your teeth are permanently secured.
- ✓ Provide a natural-looking smile.
- ✓ Free you from messy, gooey adhesives and denture cleaners.
- ✓ Restore proper chewing ability — allowing you to eat your favorite foods again.

Your Speaker: Dr. Anil K. Agarwal has helped *thousands* of area residents improve their smiles. Dr. Agarwal is a Board Certified Prosthodontist who specializes in restoring teeth with dental implants. He is a published author on the topic and was an Associate Professor at Northwestern University for 21 years — his seminars are always “*highly informative & entertaining!*”
